Two more lectures will close the course for the season, before the Association of Mechanics and Manufacturers.—Mr. Rogers, of Boston, delivers the next, on "Egypt," on Thursday evening. The last has not yet been announced; and if the appointment has not been made, we hope that the Committee will invite Fletcher Webster, Esq., of Boston, to deliver his admirable lecture on China. It is very highly spoken of by all who have heard it, and it has been delivered before a great many Lyceums, in different parts of the country. Mr. Webster was Secretary of Legation, to China, under Gen. Cushing, some three years ago, and his opportunities for observation, and means of gathering correct and valuable information were exceedingly rare.

The receipts of the course have not been sufficient to meet the expenditures, by about sixty dollars, but still the Association will not be discouraged. As the ice is now once broken, we have no doubt but that the lectures next season will be attended in such a manner as to defray all expenses.

The Association are entitled to the thanks of the community for their efforts to afford us intellectual entertainment every week, and for assuming the responsibility of the expense, when there was no probability of an adequate remuneration. The Committee have also discharged their duty in a highly satisfactory and praise-worthy manner; they have made judicious selections, and the intelligent and attentive audiences, each evening, are sufficient evidence that those of taste and discernment appreciate their labors.

These Lyceum lectures are valuable means of improvement in a community; vast amounts of important information are gathered by those who have not the time or facilities for gleanings the same from the sources where literary men derive it,—and then we have an opportunity to listen to the deductions and impressions of able minds, which we can compare with our own reasonings, and, in this way, to say the least, we pass one evening, in each week, most profitably. How much better this is for all classes,—the slanderer is not concocting some new scandal wherewith to smite the community,—our young men are out of mischief, and our more advanced citizens are cheered on the downward passage of life, and their hearts made glad by cheerful rays, which dissipate the otherwise natural gloom of rapidly increasing years.

The Art Union engravings will be ready for delivery in the course of a few weeks. The labor of printing them is so great, that only about fifty can be struck off in a day, and as soon as a sufficient number are printed, the distribution will commence. The committee of managers have determined, that in case any subscriber 1847 shall prefer the engraving of "Sir Walter Raleigh parting with his wife, on the morning of his execution," which is a fine engraving; in the place of the "Jolly Flatboatmen," a mezzotint, a copy of the first mentioned print, together with "A Ship" shall be given. A miniature copy of these engravings may be seen at our office, and if the subscribers in this town will call and examine them, and decide which they prefer we will notify the Institution, and they will be forth-coming, as soon as they are ready.

Subscribers can also have their engravings framed in New York, if they choose. A list of prices for frames may be seen at this office.

MORE MEXICAN NEWS.—Col Miles with 1500 men, has left Vera Cruz for the capital. On the 20th ult a Mr Reynolds, of company D 8th regiment of infantry, was hung at Jalapa for murdering some Mexican women. Some American prisoners have been sent to Col Childs, with a request of exchange, which he denied, but returned thanks, and assurances that all his Mexican prisoners should be treated kindly.

FIRE.—Until within a few months a conflagration was as rarely known in New London as in Newport, but the scene seems to have changed, for now a fire, and the destruction of a few thousand dollars worth of property, is no uncommon occurrence in our sister (city) town. A short time since, the papers of that city chronicled the destruction of the large tannery of Messrs. Warner & Co; then the destruction of Carter's extensive rope-walk; and on Wednesday morning last, that of the burning of the large and substantial building on Bond-street, at the head of Lawrence's wharf, known as the "Exchange." This was one of the finest buildings in the city—nearly new—built of brick, with a granite front extending up one story. It was three stories high in front, and five in the rear. The fire was discovered in that part of the building occupied by Messrs. Wightman & Turner, as a grocery store, at about 2 o'clock in the morning, and soon the whole building was wrapt in flames. The two basement stories were occupied as store rooms by Mr. Johnson, cooper; Messrs. Smith & Corbitt, grocers; and Messrs. Wightman & Turner. The first floor in front was divided into two large stores, both occupied by Wightman & Turner, one as a grocery, and the other as a furniture store. The second story was divided into three rooms, and were occupied by the New London, Norwich, and Worcester Telegraph Company; The young Men's Library Association; and Wightman & Turner. The third story had just been fitted up by Trumbull Lodge, I. O. of O. F., as a hall for their meetings, they having heretofore occupied Uncus Hall, in Golden street, conjointly with Uncus Lodge.

The building cost \$12,000, and was insured for \$6,000. Smith & Corbitt lost about \$2,500 worth of floor, which was insured for \$1,600. Wightman & Turner were insured for \$6,000, which falls about \$1200 short of their loss. The Library Association was insured for \$2,000, which will not probably cover their loss, as they had quite a large library.

The walls of the south end of this building, when they fell, nearly demolished a two story brick house standing by the side of it.

The steamer Perry makes her last trip to Providence, for the present, at her usual time this morning. She lays up to receive a new boiler, of larger dimensions than the one she now has; to paint, &c., to be ready for the Spring business. The Perry is a fine boat, and is deserving of public patronage, and her officers, all of them, are gentlemanly and accommodating. She will probably be ready to resume her trips by the middle of March.

THE CHOLERA.—According to official documents from St. Petersburg, of the 21st, the cholera was sensibly on the decline in Russia. From the appearance of the disease up to the 22d November, the total number of persons attacked at Moscow was 2,360, of whom 1,097 died. In the districts of the government of Moscow 141 individuals fell ill, of whom 59 died. At Keiff from the 9th to the 16th November, there were 179 cases, and 129 deaths. In the province of Keiff, up to the 13th November, 93 persons died out of 139 attacked. With the cold season, and the extension of the malady towards the west, the disease had lost a great deal of its energy. It was, in fact, declining everywhere, except in the governments of Bultowa and Pehernigoff, where it appeared to increase. The places newly invaded by the cholera are Mohelf on the Duiper; Kherson, on the Black Sea; Vologda and Tver, on the road from Moscow to St. Petersburg; but in those places it is of a mild character.

WASHINGTON, JAN. 20, 1849.—All the statements that have appeared about Gen. Scott's recall, except those which I gave you are untrue. The real facts are as follows:—Charges have been preferred against Gen. Scott by some of the army officers. These charges were considered at three several meetings of the cabinet, and were found of so grave a nature, that a court of inquiry was ordered to take cognizance of them. This court is to hold its sittings in the case of Perote, and is to be presided over by Gen. Towson, who has left this city on his way to Mexico. The statement that General Worth is to be relieved from arrest, and to take command, is ridiculous. Major General Butler, the second in rank to Gen. Scott, will take the command of the forces.—N. Y. Thirtieth Congress—First Session.

SENATE—Thursday.—The Vice President communicated a report from the commissioner of patents, of the persons who have applied for the benefits of the navy hospital fund.

Mr. Berrien submitted a resolution calling upon the President for reports and other communications from General Taylor, as to the line proper to be occupied by our troops, referred to in his letter to the secretary of war. Mr. Calhoun moved its amendment so as to embrace the reports from any other officers on the same subject. Mr. Berrien accepted the amendment, and the resolution was then laid over.

Mr. Dickinson submitted a resolution to restore Jesse E. Dow, once expelled, to the seat he formerly occupied among the reporters.

Mr. Douglass introduced a bill granting to the state of Illinois, the right of way through the public lands, for the purpose of constructing a railroad to the northern lakes.

Mr. Atherton introduced a bill to modify the sub-treasury system.

Mr. Jefferson Davis, from the military committee, reported a bill to increase the efficiency of the army, by the establishment of a retired list for disabled officers.

Mr. Niles reported a bill relative to the transportation of the mail from foreign countries.

The Senate proceeded to consider the resolutions submitted yesterday by Mr. Mangum, calling for the instructions under which General Scott's order, No 376, was issued, and also his opinion as to the efficiency of his means to carry the same into effect.

The resolution was modified by Mr. Mangum, so as to leave it discretionary with the President to omit any disclosure which, in his opinion, would be detrimental to the public interests, and in this form it was agreed to.

The Senate then proceeded to the consideration of the ten regiment bill. Mr. Foote resumed his remarks.

HOUSE—Thursday.—Mr. Broadhead announced the death of Mr. Hornbeck, a member of the House, at Allentown, Pa., on the 16th inst. Customary resolutions were then passed and the House adjourned.

A Challenge to the Herald.
The Daily Herald contained the following announcement on Saturday:

The Circulation of the Daily Herald is twice as large as that of any other Daily Paper in Newport, and the combined circulation of the Daily and Weekly Herald, SIX times as great as that of any Daily Paper in town.

We defy the proprietor of the Daily Herald to make a public statement, under oath of the circulation of his paper; and if he can prove either of the above assertions, we will pay him FIFTY DOLLARS in cash, forthwith; and if both of them, we will pay him ONE HUNDRED DOLLARS.

Now for FACTS, if he dare accept the challenge.

THE MONEY MARKET.—The stock market in all the principle cities, just now, is gradually sinking—prices fall a fraction almost every day. Money is in great demand as the banks continue a steady contraction of their circulation. The free banks of New York, it is said, are daily carrying in their notes to the controller, and taking up the securities on which they are based. For some time past, the amount of currency thus cancelled, it is said, has equaled fifty thousand dollars per day. The other banks of New York, and in fact, all over the country are probably reducing their liabilities in the same ratio, but from the fact that their operations are less public, the fact is not so positively known.

The British ship India arrived at New York on Friday, after a voyage of 57 days from Liverpool. The captain and thirty-five passengers died of ship fever on the voyage.

Major Toehman, the Pole, has been indicted in the District of Columbia for sending a challenge to J. H. Bradley, and afterwards posting him as a coward, and Capt. Schanberg has been indicted for bearing the challenge. They are to be tried at the next term of the criminal court.

A Brazilian merchant at Para, recently asked an American, whether the United States was as large a town as Para. Para contains 12 or 14,000 inhabitants, seven-eighths of whom are colored.

General Assembly—Fourth Session.

SENATE—Friday.—Mr Hazard closed for the petitioners in the petition of Coomer Hails et al vs. Town of Bristol.

Mr Collins advocated the passage of the act and Mr Potter opposed it.

The question being on concurring with the House in the passage of the act, the ayes and noes were taken and the vote resulted as follows: ayes 3; noes 21.

HOUSE—Friday.—Resolution instructing the Judiciary Committee to inquire what alterations are necessary in the method of electing Representatives to the General Assembly. Read and passed.

Resolution instructing the Judiciary Committee to inquire what alterations (if any) are necessary in the act relative to gauging.

Report of of the Warden of the State Prison to the Inspectors thereof, for the quarter ending Dec. 31, 1847. Referred to Committee on Finance.

Petition of F. B. Peckham for an act of incorporation. Granted and act passed.

Application of Newport, to be incorporated as a city. Continued with order of notice.

Resolution requiring Cashiers of Banks and Secretaries of Insurance Companies to make returns of shares held in said companies. Called up and discussed.

Mr Ames moved to amend the same by substituting an act therefor. Adopted.

HOUSE.—Petition of New York, Providence and Boston Railroad Company for increase of capital stock. Referred to Committee on Corporations.

Resolutions relating to Banks and Insurance Companies, was called up and discussed.

Mr Cranston moved an amendment to the resolution that said returns should not be required to be made to the town clerks of the towns of Newport, Providence, Bristol, Warren, Little Compton, Cumberland, and Westerly.

The question being on the adoption of the amendment, on motion of Mr. Whipple, ordered that the House be called and the ayes and noes be entered on the journal: ayes 26; noes 35.

Petition of Simon J Hicks for commutation of sentence. The committee reported in favor of commutation.

[It will be recollected that this Hicks murdered an old man in the vicinity of Wonsocket some time since to obtain about thirty dollars he had. He was tried, and sentenced to be hung, some time last summer, but before the time arrived, he, with several others broke out of the Providence jail, since which time nothing has been heard from him.]

The following paragraph we cut from one of our exchanges, just as it stands:

MORTALITY.—One hundred and thirty-three deaths occurred in Philadelphia and districts last week—adults 66, children 67. If the defendant is still dissatisfied, the case will be taken to the Supreme Court.

A gentleman not very long since, wishing to pop the question, did it in the following singular manner. Taking up the young lady's cat, he said—"Pussy, may I have your mistress?" It was answered by the lady who said "Say yea, pussy."

CAUTION.—The public are particularly cautioned against being imposed upon by persons that are selling preparations of Sarsaparilla which they pretend have the same qualities as *Honans Sarsaparilla* and *Tomato Bitters*. Since these Bitters have been offered to the public, there have been no less than four different imitations got up by as many different individuals, and sold for the genuine. The good qualities of Brown's Extract of Sarsaparilla and Tomatoes, or Sarsaparilla and Tomato Bitters, is already known and appreciated by physicians and the public—particularly by those who have used them for Impurities of the Blood, bad Humors, Scrofulous diseases, Bilious affections, Costiveness, loss of appetite, &c. There has been no medicine sold that has given such general satisfaction. There cannot be the least doubt but this compound is the best alterative now in use. We have abund-

ance of proof of that fact. There have been thousands of cases of impurities of the blood cured by this medicine. Some of them have been truly wonderful, where the patients have been given over as incurable. The above compound is not merely a common extract of Sarsaparilla, but a very strong extract of the best Spanish Sarsaparilla, extracted by an entirely new apparatus, made expressly for the proprietor, and used by no other person in this country. This apparatus ensures the whole medical qualities of this most valuable root.

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a passifier of the blood; so safe, mild, and universal a remedy as these evergreen Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column. m75s29

JONES'S SOAP.
Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan! Why, 'twill repulse the love of any man! Those freckles, too, you know they'd quickly fly If Jones's Soap you'd use; come once—do try!—It costs but fifty cents, and I am told It's worth, yea, doubly worth, its weight in gold. Persons who have had no faith in it, have been astonished at the wonderful effect of Jones'—that is, the genuine Jones's Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

The Lady's Faith in Radway's Soap.
I knew my face is Tanned and Freckled, With Pimples, and with Blotches speckled, Sunburnt and other annoying spots, With Scoury, Morpew and Salt Rheum, Upon my cuticle assumes To reign with full authority,— But ah! my friends, I'll cure them soon, With a soap of a superior quality, Radway's Chinese Medicated— Is the name of this precious Soap: It really cures all heretofore— Either Pimples, Blotches, Tan or Spots. The lady said she spoke the truth, She found the Soap the friend of youth, And beauty now assumes its place, Upon the clear, transparent face, All ye who have upon your skin, Pimples or Blotches, Pastules or Tan, On the neck, the nose, the face or hands, Or if perspiration upon your arms— And would possess angelic charms, Fear not to rest your faith and hope In Radway's Medicated Soap.

A secret which baffles the ingenuity of all who have attempted to analyze its properties. Radway's Chinese Medicated Soap. The extraordinary effects of this delicious emollient is truly astonishing, for no sooner is Radway's Soap applied to the surface, than tan, sunburn, pimples, blotches, tetter and other excrescences speedily disappear. It softens, soothes, heals and sweetens the skin, and imparts beauty to the complexion of all who use it. Sold for 2s. for large, and 1s. for small, at 3 Courtland st. N. Y. R. J. TAYLOR, Agent.

It is not often that we find amongst the Medical Faculty sufficient candor to accept any merit whatever to "Patent Medicines" as it conflicts with their interest so to do; but below we give an exception.

Opinion of a Regular Physician.
Exeter, Me. Sept. 30, 1845.

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs, for two years past and many bottles, to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

Cold Feet are an evidence that the blood is encumbered with morbid humors, which not only render the circulation sluggish and unequal, but prevent a proper supply of the vital fluid to the extremities. Hence coldness of the hands and feet, accompanied with headache, giddiness, and many other unpleasant complaints.

Wright's Indian Vegetable Pills are one of the best preventives in the world against Cold Feet, because they not only cleanse the blood from those impurities which are the cause, but they impart an energy to the circulation which carries it with vigor to every part of the system.

BEWARE OF SUGAR COATED COUNTERFEITS.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

The great and only Successful Remedy for the cure of Consumption,

IS Dr. E. W. Vandersmith's INDIAN COUGH BALM AND LUNG BALM.

READ—
Disease of the Lungs and Throat cured.

White Plains, April 20, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar cataplast applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 19, 1847.

Dr. Vandersmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing spells, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mauling in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,

Consumption.

Staten Island, June 10, 1847.

Dear Sir:—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.

Yours, &c. ROBERT WILLSEY.

Look at This.

Rev. B. HIRSHARD'S Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best physic ever tried, and fully equal to any recommendation of them.

You do not find that one of these pills does more good than from four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money.

These Pills are recommended as being without an equal in all Bilious attacks, affections of the Liver, the Lungs, Stomach, or Bowels, caused by taking cold, or obstructed perspiration. They carry off the bile, cleanse the stomach and bowels, and re-open the closed pores of the body, thereby hitting out the insensate perspiration through its accustomed channels, and relieving at once the internal organs. Also in all chronic affections, as Dropsy, Sick Headache, Rheumatism, &c.

Mind the Directions, which go with each box.

Every agent has circulars of these Pills to give away.

Half a Pill is the usual dose, though some require One Pill, or even more. Children of one year and over, one quarter of a pill, of 7 years and over, half a pill. These Pills are purely VEG. TABLET, and may be taken under all circumstances, without regard to drink or diet.

The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

THIS medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aim to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated; and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known entirely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR. It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, dispenses the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a god addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

Roake's Iodine Liniment.

A SAFE and certain cure for Rheumatism, either chronic or inflammatory—Paralysis, or loss of the use of the limbs, contractions of cords and muscles, and gout, it matters not of how long standing; sprains, bruises, tumors, hard swellings and enlarged joints, yield to a few applications of this Liniment. It has been used with incredible success in scrofula or king's evil, enlarged glands, diseases of the spine and hip joints, tic douloureux, and all nervous affections. It is invaluable, and acts like a charm, stopping the bleeding of flesh wounds, and causing them to heal in a few days. It has never been known to fail curing the most stubborn ulcers or fever sores and swelled legs, pain across the kidneys, in the chest, side, also stiff neck, sore throat and croup.

It speedily and effectually eradicates cutaneous eruptions of the skin, in the form of salt rheum, erysipelas, pimples, ringworm or tetter, Barber's itch, scald head, &c. It instantly removes toothache and headache. It extracts the pain and cures corns, bunions, chilblains, &c. Sold by R. J. TAYLOR. Agent for Newport

MR. ABRAHAM VANDERBEEK, of 98 Avenue D., New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.

Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 31 of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.

Gray Heads! Gray Head! Read—I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I combed out handfuls of hair daily. WM. TOMPKINS, 92 King-st., N. Y.

Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.

Do you want to dress, beautify, and make your hair soft and fine? Read—I, Henry E. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time in order; all my customers prefer it to anything else.

Sold only in New York at 83 Chatham street; and in Newport by R. J. TAYLOR.

CLICKER'S SUGAR-COATED PILLS.

The grand purgative for the cure of headache, piles, rheumatism, dyspepsia, scurvy, small pox, jaundice, rising in the throat, fevers of all kinds, heartburns, coughs, consumption, erysipelas, deafness, colds, gout, gravel, pain in the back, palpitation of the heart, inward weakness, dropsy, asthma, measles, salt rheum, worms, quinsy, whooping cough, fits, liver complaint, itchings of the skin, nervous complaints, and a variety of other diseases, arising from impurities of the blood, and obstructions in the organs of digestion.

CAUTION.—Beware of an imitation article called Improved Sugar-Coated Pills, purporting to be patented, as both the pills and pretended patent are forgeries, got up by a miserable quack in the city of New York, who for the last four or five years has made his living by counterfeiting popular medicines.

Remember, Dr. C. V. Clicker is the inventor of sugar-coated pills, and that nothing of the sort was ever heard of until he introduced them in June 1843. Persons should therefore always ask for Clicker's sugar-coated pills, and take no others, or they will become the victims of a fraud. 25 cents per box, or five boxes for \$1.

Sold in Newport by R. J. TAYLOR, and by one agent in every town in New-England.

DOCT. INGOLDSBY'S PILLS SPECIFIC.

Brownell's Cooking Range.

THE subscriber has just completed the invention of a new Cooking Range, to which he invites the attention of the public. This Range possesses qualities for expeditious boiling and cooking that other Ranges do not, and it occupies but a small space of room.

Brownell's Cooking Range has six eight inch boilers, any two, or four of which, can be thrown into one, so as to admit of a large boiler; and it is provided with a set of rings so that any size furniture can be used on it. Its Oven is large, convenient of access, and having an upward draft, it bakes evenly with a small quantity of fuel.

One of these Ranges is in successful operation at the store of the subscriber, subject to the examination of the public, who are invited to call and take a look at it. WILLIAM BROWNELL.

JOHN T. STANHOPE.

Coggeshall & Bliss' Patent Cooking Range.

THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves.

It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains an Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.
